In re National Phase PCT Application of

Janne SALONEN et al.

International Appln. No.: PCT/FI99/00925

International Filing Date: 05 November 1999

For: Method For Controlling Bearer Properties

PRELIMINARY AMENDMENT

Assistant Commissioner for Patents  
Washington, D.C. 20231  
**BOX PCT**

SIR:

Prior to examination of the above-identified application please amend the application as follows:

IN THE CLAIMS:

Amend claims 1 and 16 to read as follows:

1. Method for controlling a plurality of bearers, said bearers being data transmission paths relating to a receiver and each bearer having at least one transport format (TF) describing properties of said bearer, in a cellular telecommunication system, characterized in that the method comprises steps, in which

- a set of allowed transport format combinations (TFCS) is constructed, a transport format combination (TFC) being a combination of transport formats (TF) of a plurality of bearers, and

- information specifying said set of allowed transport format combinations (TFCS) is communicated to the receiver for construction of said set of allowed transport format
